COUNTRY BOY

Injured While Riding Freight Train and Is In Critical Condition At Wallingford.

(Special To The Ledger.)

Muses Mills, Ky., April 24.—James Ray and wife, formerly of this place but who now reside at Wallingford, were here Friday en route home from Olive Hill, where they were called by the serious injury of their 16-year-old son, Clarence, who is in a critical condition of having had one of his limbs mangled and hip broken when he fell between two cars while stealing a ride on a freight train. It is probable that it will be necessary to amputate one of his limbs.

The boy, who was reared in the country, had run away from home and has been in Knightstown, Ind., for some time. Having relatives in Olive Hill, he endeavored to beat his way to that place.

It was about midnight when some of the citizens were aroused by the boy's cries and he was found lying beside the track near the town. It is thought that the boy fell off while asleep, as he had been on the freight train all night.

Mrs. B. P. McClellanahan of West Second street, who has been on an extended visit to her daughter, Mrs. C. P. Waisner at Atchison, Kas., will return home Wednesday, accompanied by her granddaughter, Miss Frances Waisner.

Students from the various schools and colleges are leaving this morning to resume their studies after having enjoyed the Easter holidays with relatives and friends here.

Mrs. J. Foster Barbour returned Saturday from Cincinnati, where she has been at the bedside of her daughter, Miss Florence Barbour, who was operated on for appendicitis several days ago. Miss Barbour's many friends will be glad to know that she is getting along nicely.

WEAK KIDNEYS MAKE WEAK BODIES

Kidney Diseases Cause Many Aches and Ills of Maysville People.

As one weak link weakens a chain, so may weak kidneys weaken the whole body and hasten the final breaking-down.

Overwork, strains, colds and other causes injure the kidneys and generally when their activity is lessened the whole body suffers.

Aches and pains and languor and urinary ills frequently come, and there is an ever-increasing tendency towards dropsy, gravel or fatal Bright's disease. When the kidneys fall there is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys. Maysville testimony is proof of their effectiveness.

Mrs. S. Neal, 497 W. Second St., Maysville, says: "One of my family had a great deal of trouble from a lame back and weak kidneys. Doan's Kidney Pills made the patient better."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Neal recommends. Foster-Millburn Co., Props., Buffalo, N. Y.

ARE YOU A THIEF OR A BUSINESS MAN?

If you deliberately plan to sell another man something which you know is not worth the price you ask, and you depend on his lack of knowledge concerning it to make it possible for you to carry out the deal, you are a thief.

Oh, it sounds a little harsh, does it? Any one making that statement to you—you would call him a liar?

You hold that an article is worth to another man just what he is willing to pay for it.

Mighty slim cover for your dishonesty, this.

If your conscience does not bother you after you have made a deal in which you know that you have wrongfully convinced a man that something you sold to him represents what he paid for it, you have a mean, dishonest streak in you.

You are taking from that man something to which you are not entitled.

That is what the man does who enters your house at night and robs you.

That he gives you nothing in return and has not asked your permission before he takes it, is not an argument on which you may refute the statement that you are a thief.

Every bit that you have taken in exchange of the worth of the article you sell makes you a dishonest man.

TO THE FRONT

A Mason County Boy Highly Honored
 —Now Has Charge of Millions.

(Dover News.)

Mr. Charles B. Osborne, a Mason county farmer boy, who went from the Dover school then taught by Prof. F. A. Savage, to Washington and Lee University, where he graduated twenty years ago, went immediately to Chicago during the world's fair where he was employed as paymaster of the Hall Elevator system.

Mr. Fisher, an official of the great fair, immediately saw and recognized his worth and ability and at the close of the fair gave him a position. Six years ago he made him manager of the Fisher office building, one of the best in Chicago. Four years ago he became junior member of the firm of Fisher & Company, forging to the front by his ability to do things.

Mr. Fisher died two weeks ago a very wealthy man, his estate amounting to \$15,000,000 or more. When his will was probated a few days ago it named Mr. Osborne as sole executor and trustee of the enormous estate for a period of twenty years. Mr. Fisher is survived by three daughters and one son. Of one daughter's interest Mr. Osborne was made trustee for life. His salary as manager of the Fisher building alone has been \$10,000 per year.

This is on honor which has come to few Kentuckians and as Mr. Osborne went out from Dover, having been reared in this precinct, we are so proud of him we want to tell our readers of his success. Showing the great confidence Mr. Fisher had in the fidelity, integrity and ability of Mr. Osborne he requested in his will that he be permitted to qualify without bond.

Mr. Osborne is the son of Mr. and Mrs. W. Scott Osborne.

NERVOUS BREAKDOWN

Stamford, Conn. Nurse Tells How She Found Health.

Stamford, Conn.—"I am a nurse and suffered from a nervous breakdown. I had no appetite and could not sleep at night, and nothing seemed to help me. By chance I heard of Vinol, and after taking the first bottle I noticed an improvement, and four bottles made me well and strong, so I can sleep soundly night or day. I consider Vinol a wonderful tonic." Edith R. Forbes, Stamford, Conn.

The reason Vinol is so successful in overcoming such conditions is because it is a constitutional remedy and goes to the seat of the trouble. It is the greatest strength creator we know—due to the extractive medicinal elements of fresh cod livers without oil, combined with peptone of iron and beef peptone, all dissolved in a pure medicinal wine.

We have seen so many wonderful recoveries like this right here in Maysville, caused by Vinol, that we feel perfectly safe in offering to return money in every such case where Vinol fails to help.

THE TRAIL OF THE LONESOME PINE" AT THE WASHINGTON TOMORROW.

Love and duty conflicting, in the course of one's life brings forth dramatic incidents.

No better exemplification of the fact has come to light than the story of the love of June, a young girl of the Cumberland mountains, daughter of a moonshiner, and that of a young government revenue officer sent by the government to arrest the distillers of illegal whisky.

John Fox, Jr., the noted novelist, conceived such a story and wrote it. It became a "best seller." Eugene Walter realized its dramatic values and turned it into a play. The theater world was covered for the "June" of that story. Charlotte Walker was chosen. Love and duty had real romance added it then, for Miss Walker soon became Mrs. Walter. Now this real "June" of real and stage life is to be shown on the screen. Lasky has made a superb production of "The Trail of the Lonesome Pine," which will be shown at the Washington Theater tomorrow.

PROBLEMS OF RETAIL TRADE

(No. 3.)

(Dover News.)

Reference was made in the previous article in this series to the problems a merchant has to meet in the matter of returned goods. It is, of course, a two-sided question, with two points of view to be looked at.

A woman may go into a store and make a purchase that showed poor judgment, and which she regrets as soon as she gets home. It is not always easy to make a decision on the spur of the moment, and with a great many people hindsight is better than foresight.

If under such circumstances a customer is permitted to return the goods, assuming that they are not injured in any way and can be put right back in stock, a great service is done by the merchant. He has cemented his friendship with a customer, and saved her from making a mistake she would many times regret. He has made the strongest bid for her future patronage.

There are a great many cases, however, very different from this, and very exasperating to the store people. Many persons will buy a pair of gloves, jab down between the fingers, put them on, which splits the glove. Then they demand another pair. A great many merchants will give them the second pair, which will split just the same if misused in the same way.

Merchants say that there are people who will order hats or gowns to wear to some party. Having used them, they will send them back. There are cases where it would seem as if they ordered the goods merely to wear to some occasion, with no intention of buying the goods. They bring them back a little soiled, so that the article must be closed out at a reduction.

Retail trade papers and associations are discussing the matter of returned goods a good deal this spring, and many of them feel that the merchants should unite to prevent themselves from being imposed upon. It is a difficult matter to distinguish between reasonable and unreasonable requests. The public should not expect too much. Where goods that are not defective are returned because the customer made an error of judgment in buying or using them, and where such a return involves the merchant in a loss, the public should realize that such returns are a charge on the business. The public in the end will have to pay for them as a part of overhead expense.

RUSSIA AND CONSERVATION.

Even Russia, usually considered rather hopelessly reactionary, is waking up to the necessity of conservation. A cablegram from Petrograd says that an expedition sent out by the Department of Agriculture to study the supply of fur-bearing animals has just returned from an exploration tour covering 7,450 miles of territory along the Yenisei river in western Siberia. As a result of his investigation the chief of the expedition, M. Solovieff, recommends an prohibition of killing of the sable for an additional three years, the first period of three years, which will end in October, 1916, having proven insufficient to replenish the supply. Without such protection, in his opinion, the sable will very soon become extinct in Russia.

GOOD WORK.

Proper Food Makes Marvelous Change

Providence is sometimes credited with directing the footsteps by so simple a way as the reading of a food advertisement.

A lady in Mo. writes, "I was compelled to retire from my school teaching because I was broken down with nervous prostration.

I suffered agony in my back and was in a dreadfully nervous condition, irritable, with a dull, heavy headache, continually, had no appetite and could scarcely digest anything. I was unable to remember what I read and was, of course, unfit for my work.

"One day, as if by providence, I read the testimonial of a lady whose symptoms were much the same as mine, and she told of how Grape-Nuts food had helped her, so I concluded to try it.

"I began with Grape-Nuts, a little fruit, and a cup of Postum. I steadily improved in both body and mind.

Grape-Nuts has done more for me than all the medicine I have ever taken. I am now well again and able to do anything necessary in my work.

"My mind is clear and my body is stronger than ever before. There's a reason." Name given by Postum Co., Battle Creek, Mich.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

SIXTEEN COOKS

To Be Employed In Preparing Food For Heroes of the Confederacy

When They Meet At Birmingham, Ala., In May.

Birmingham, Ala., which will be host to the United Confederate Veterans and their friends and admirers from every part of the country, is planning to entertain about 125,000 visitors during the reunion May 16, 17 and 18. This estimate has been agreed upon after the most careful investigations carried on by the local committees in charge of the work. It is stated that Birmingham's reunion will exceed in point of attendance any reunion ever held by the veterans. The period of prosperity that has favored the south, the fact that Birmingham has such a wide reputation for hospitality, all go into the opinion that the crowds this year will be the greatest ever gathered together to do honor or the hosts of the Confederacy.

In order to care for this vast army of visitors every care is being exercised by the committees in Birmingham having charge of the reunion. The greatest attention of all is being paid to the veterans themselves. It is anticipated that 6,000 former soldiers will come to Birmingham to be present at the great reunion. This number will be cared for by the city and the whole citizenship of the state is in unit in insisting that every ex-soldier come to Birmingham.

"Come, let us show you how devoted we are to the heroes of the southern struggle," is the way the Birmingham people extend their invitation. It is realized by the members of the arrangements committee for the reunion that the food for the old soldiers is perhaps the most important proposition of all. To that end arrangements have been made for the most excellent commissary department here that has ever served the former soldiers. The commissary department will be located at the state fair grounds where the old soldiers will be encamped.

The committee has arranged the following stat and it is given here just to indicate the extensiveness of the plans being formulated for the entertainment of the heroes of the Civil war.

Five men to cut nothing but bread. One hundred and fifty waiters to serve the heroes.

Sixteen cooks—the best to be found. Ten dishwashers—cleanliness their motto.

Ten pantry men.

Five men to cook vegetables only.

Four men to keep the fire burning bright and furious.

Ten pantry girls.

One headwaiter.

Two assistant head waiters.

This crew to serve the 6,000 old soldiers will be supplemented by the committee of prominent Birmingham citizens who will give their whole time and attention to the preparation and serving of food while the camp is pitched at the fair grounds.

It will be interesting no doubt to indicate the supplies that the committee estimates will be necessary for the meals of the former soldiers.

It is planned to serve 1,000 pounds of beef, 2,500 pounds of ham, 1,500 pounds of bacon at breakfast only; 500 pounds of lard, 1,000 pounds of coffee, 300 pounds of butter, 200 bushels of potatoes. At each meal it is estimated that 700 loaves of bread will be served.

The above estimate is based upon three meals per day for three days, with perhaps an odd meal or so preceding and subsequent to the actual reunion dates.

The Birmingham committee in charge of the arrangements have placed their greatest attention in the food for the veterans and it will be the best to be secured.

COURTS ENCOURAGE LYNCHINGS.

The New York World commands a charge given by Judge Spear, of Georgia, to a federal grand jury in Atlanta, as fixing the responsibility for lynchings, when, referring to the state courts, he said: "If lynchers knew to a certainty that they would suffer even a fine of \$50, there would be no lynchings."

You can trust your records to a fire-resisting Safe

And you get maximum filing capacity in a minimum of space if it's an

Art Metal Safe

Double steel walls, asbestos-lined, protect your papers from fire, water and vermin. Valuable records you can't insure are kept secure in this steel stronghold.

The Art Metal safe weighs about one-half less than an iron safe of the same outer size — making it twice as easy for you to move. You can arrange the interior to fit your business, changing drawers, shelves and partitions as your requirements change.

This Art Metal safe is a leading example of the leadership goods we offer you.

One of our Factory Representatives will be in Maysville in a few days and if there is any filing equipment that you are interested in he will be glad to give you the benefit of suggestions that 29 years of experience in the filing business could give you. There is no obligation on your part. Just drop us a postal at 2003 Union Central Building, Cincinnati, Ohio.

GOZZNER-TRAPP.

Word has been received here by Mrs. Bertie Trapp announcing the marriage of her son, Mr. John Nelson Trapp, to Miss Mayme Gozzner, at Frankfort club, the star backstop of the Frankfort team last season. Mueller has been anxious to come to Maysville since Jones assumed the managerial burden and he will do much toward filling up the vacancy caused by the loss of DeBerry.

Shortstop Kelly has finally yielded and has signed a contract to play with the Burley Cubs again the coming season. Kelly was the best shortstop in the league last season and the fans were all anxious to see him back again this season.

Manager Jones put the boys through a nice workout Saturday and Sunday afternoons. The first scrub game of the season occurred Sunday afternoon when two teams were picked from the recruits who have thus far reported and the Maysville Regulars. This gave the boys a chance to work out some of the stiffness and also to get some much needed practice in both the batting and fielding departments.

Miss Lena Wells Lykins of Petersburg, spent Sunday here with her sister, Mrs. C. S. Dale, en route home from attending the meeting of the Kentucky Educational Association at Louisville.
